

FOR VERNON COUNTY, WISCONSIN

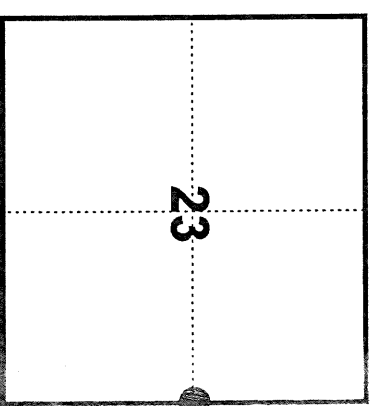

Note: This form is intended and designed to fulfill all requirements of Wisconsin Administrative Code, Chapter AE-7.08, U.S. Public Land Survey Monument Record (3)(a)(b)(c)(d)(e)(f)(g)(h)(i). Use additional sheets if necessary.

(a) Sections 23

Township(s) 14 North, Range(s) 07 West.

Vernon County Coordinates: N 191930.536

E 627826.755

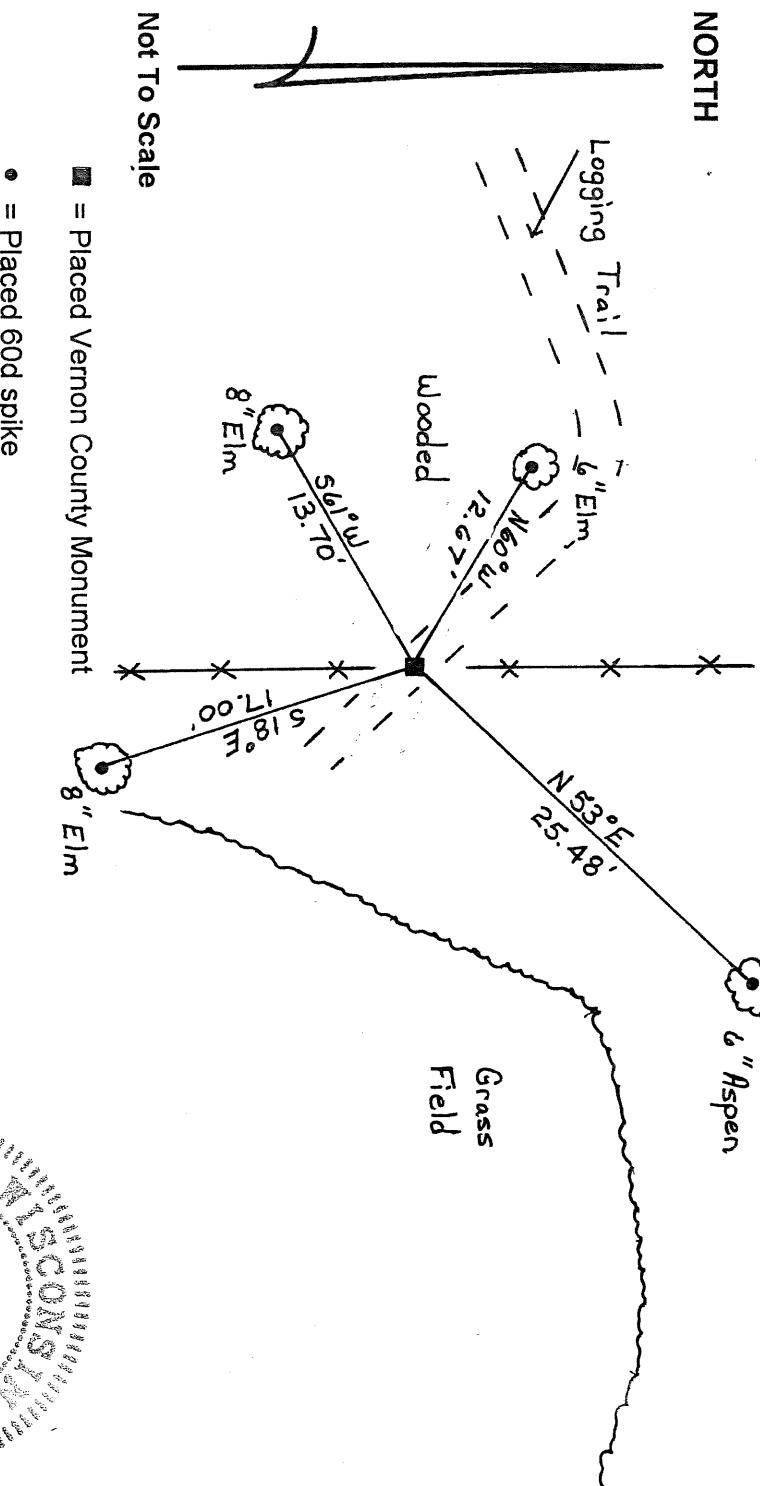

(b)(f)(h) Description of monument found at this corner and if it was accepted, state all evidence (material, testimonial, occupational, plats records, other monuments) used as a basis for accepting. If not accepted or nothing was found, state evidence used as basis for establishing location and what was set. If re-established through lost corner proportionate methods, indicate all monuments, distances and directions used.

1846-1847 Alfred L. Brown established the original corner location 40 chains North of the Southeast corner of Section 23.

December 13, 1998 - I found no evidence of the original corner location. I set a Vernon County Monument using an equal distance split between the Northeast and Southeast corners and occupational evidence in the form of a north-south fence line. The corner location falls 4 feet west of a straight line between the Northeast and Southeast corners. I set witnesses as shown.

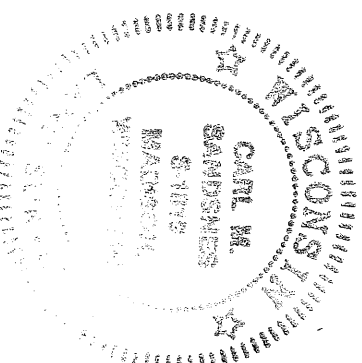

(c)(d)(e) Plan view of corner with ties to at least four (4) witness monuments. If in disagreement with previously established corner, show the distances between the two corners and also indicate ties to disputed corner.

(i) Certify that the corner location on this record was determined by me or

under my direction and control and that this U.S. Public Land survey Monument Record is correct and complete to the best of my knowledge and belief.

Signature Carl M. Sandnes Date December 31, 1998.
